MET 2026 Attempt Details

No. of Attempts: **2**

At the time of Online application submission (https://apply.manipal.edu) all candidates are requested to select any 3 Tentative Test center cities in the order of Preference / Priority. Most preferred City to be selected under "Tentative Test Center City (Preference 1)". All efforts will be made to allot the Preference no.1 city. However, due to administrative / logistic reasons, the University may allot Preference no.2 city / Preference no. 3 city.

In case of unavailability of the Test Center at a particular city, the University reserves the right to allot a city other than the candidate's Preferred Test Center cities. The decision of the University regarding the allotment of the Test Center City shall be final. No further correspondence or request shall be entertained in such a case.

Hence, while filling up the Online Application Form, candidates MUST select the most Convenient City as per Preference / Priority from the list of Exam Center cities made available. MAHE will not be responsible for any inconvenience due to the incorrect selection of city by the candidates.

All applicants can book their entrance test slots (**Date & Batch**) in the Online Test Booking System (OTBS) based on the availability of seats. There is **NO** provision for selecting the City at the time of Online Test Booking.

Guidelines for 1st Attempt Booking

- The bookings (Date & Batch) are done on a first come first serve basis and are subject to the availability of seats.
- A slot once booked cannot be changed. Requests for the change of test center city / date / slot will not be entertained under any circumstances. **Hence, you are requested to book your slot, avoiding all other Central / State Entrance tests.**
- It is the responsibility of the candidates to book their test schedule. MAHE will not be held accountable for the non-bookings.

Guidelines for 2nd Attempt Booking

Application Status	Booking Status	Phase 1 Test Status	Slot Booking for Phase 2
Applied **on or before** the last date applicable for 1st attempt	Phase 1 Slot Booked	Present	Eligible to book 2nd attempt during Phase 2 with an additional payment of Rs. 1200, to be made during Phase 2 booking
	Phase 1 Slot Booked	Absent	
	Phase 1 Slot Not Booked	Not Applicable	
Applied **after** the last date applicable for 1st attempt	Slot booking for Phase 2 only and NO second attempt		

- Candidate will be allowed to take second attempt if s/he is not satisfied with his/her performance in the first test, subject to availability of seats. The second slot may be booked after the first attempt as per the schedule mentioned above.
- Candidates applying **on or before** the last date applicable for 1st attempt will be eligible for a second attempt with an additional fee payment of Rs.1200, in Phase 2
- Candidates giving the first attempt in Phase 2 are NOT eligible for a second attempt in Phase 2
- Based on the above-mentioned eligibility, the candidate can go for the second attempt by making an online payment of Rs.1200/- in https://apply.manipal.edu, subject to the availability of seats. There is no need of applying afresh under https://apply.manipal.edu
- **Test Center City for the second attempt is as same as the City for the first attempt**. In case of unavailability of the Test Center at the same City, the University will identify the Test Center at the nearby City.
- The bookings are done on first come first serve basis and are subject to availability of seats.
- A slot once booked for cannot be changed. Requests for the change of test center / date / slot will not be entertained under any circumstances. **Hence, you are requested to book your slot, avoiding all other Central / State Entrance tests.**

Numerical ability

The Numerical Ability section is designed to evaluate a candidate's capacity to work with numbers, apply mathematical concepts, and solve quantitative problems accurately. It measures fundamental skills such as arithmetic operations, percentages, ratios, averages, and simple algebra, along with the ability to interpret numerical data.

Logical reasoning & analytical skills

This section is designed to evaluate a candidate's ability to think critically, analyze information, and solve problems systematically. Logical reasoning involves identifying patterns, relationships, and sequences, while analytical skills focus on breaking down complex problems into smaller, manageable parts.

General English

The General English component is designed to assess a candidate's competence in essential areas of language use. It will evaluate understanding and application of tenses, subject–verb agreement, conditionals, and articles, along with overall language structure. In addition, the section will test vocabulary knowledge and usage in context, ensuring that students demonstrate both grammatical accuracy and effective communication skills.

Reading Comprehension

This section is designed to assess your ability to understand, interpret, analyze written material and language competency. The student will be provided with two short passages, each presenting ideas, arguments followed by five questions each

General Awareness

This section evaluates a candidate's knowledge of the world and their understanding of health-related concepts. General awareness will include questions on current affairs, general knowledge, social issues, and basic scientific understanding,

encouraging students to think beyond their academic specialization

Health Aptitude

The health aptitude component focuses on interest, sensitivity, and reasoning in health contexts. It will assess awareness of healthcare practices, ethical considerations, wellness, and the role of psychology in promoting well-being. Together, these areas identify students with intellectual curiosity, empathy, and analytical orientation suited for psychology and allied health sciences.
