There could be minor changes in the detailed timetable especially during the end/beginning of the block to make up for unscheduled holidays.

The lectures of the AETCOM and Pandemic module will be taken together for the entire batch like the lecture classes of other subjects and will be held in the allocated lecture hall of the batch i.e., the same lecture hall where all lectures are conducted.

252 students will be divided into 5 groups (A to E) for the SGT. Each group further divided into 2 subgroups.

[#]FAP will be on the first Friday of the month between 9 am to 1 pm (except in block 3, where it will be between 9 am to 12 pm) for all the students of third professional-part 1

^{##} Will be used for 'lecture/self-directed learning' where applicable. Further, these would be done for the entire batch of students or for certain batches depending on the structure of the module.

How to read the detailed timetable?

The timetable makes use of colours to indicate the department and systems. It also uses colour coding of the boxes to indicate integration.

The colours used for various systems are as below:

Colour codes for system
1. General
2. Cardiovascular system
3. Digestive system and Excretory system (includes Hepatobiliary)
4. Endocrine system
5. Sensory system (includes skin, eyes, & ears)
6. Immune system, lymphatic system & Haematology
7. Musculo-skeletal system
8. Nervous system
9. Renal system and Urinary system
10. Reproductive system
11. Respiratory system

P.S. General is used in case the topic does not fit into any system or involves multiple systems.

The colours used for fonts of various departments are as below:

Colour Codes for different departments	
Community Medicine	Medicine
Forensic Medicine	Surgery
Ophthalmology	OBG
Otorhinolaryngology	Paediatrics
	Orthopaedics

The box of the cells containing classes/sessions having integration have been highlighted as below:
